How can you submit abstracts?
The abstracts should be uploaded on the website (using the form above) as word document. The word document should be named after the name of presenting author.

On your abstract please indicate the following:

Title of paper
Authors, their affiliations and work place
Contact details with email id
Three to four keywords
Chosened theme from the given list
Preference for oral/poster presentation.

Abstract should be submitted in English, font style: Times New Roman, size 12.
The text of the abstract should not exceed 300 words.
The number of authors should be restricted to five.
References may be omitted. If supplied, they should be included in character count.

Abstract should clearly state:

Background: purpose and objective of research, hypothesis that was tested or a description of the problem discussed.
Methods: Describe the study design, study population, ethical considerations, data collection, statistical analysis used with a complete description of the setting and location.
Results: Presentation of specific results in summarized form with clear description of possible findings/outcome of the study.
Conclusion: Briefly discuss the main outcome of the study with possible limitations.

How can you present?

Poster
Poster dimensions should not exceed 90X120cm.
State the title and authors at the top of the poster in easily readable letters
The text and illustrations should be readable from a distance of 2 meters.

Oral
The authors of the oral presentations are requested to restrict the presentation to 8 minutes (maximum of 8 slides). For questions, 2 minutes shall be allotted. Every talk is scheduled to finish by 10 minutes.

Award Paper Section – Oral
Submissions clearly should specify for the award paper session. Only original research, something new and clearly relevant will be selected.

Submit Your abstracts online:

You can also send your abstracts to abstractsiapcon2015@gmail.com
We will review them and get back to you shortly.
Important Information

Registration in IAPCON2015 is mandatory for the presenting author.
All the abstracts shall be peer-reviewed and approved by the scientific committee.
The decision of the Scientific Committee will be final.
The abstract submission deadline is 30th October 2014.
The announcement of accepted oral/poster presentations shall be done by 30th December 2014 and will be informed by email.
The best two posters and oral presentations will be acknowledged and given prizes. A special award will be given to the best Award paper. The authors will be expected to present these papers in a shorter version during the Valedictory function.
